thirty readings in introductory sociology second edition introduces students to the field of sociology in an engaging accessible manner designed to be used alone or with its companion ten lessons in introductory sociology the book is organized around four themes commonly examined in introductory courses why sociology what unites society what divides society and how do societies change rather than provide encyclopedic responses to such questions thirty readings in introductory sociology engages students in critical thinking while presenting key concepts and methods in sociology edited by kenneth a gould and tammy l lewis the text raises sociological questions applies a sociological lens illustrates how data are used and presents core topics in a way that is easy for students to grasp each section begins with an introduction by gould and lewis followed by three readings one classical one that uses qualitative data and a third that uses quantitative data

a resounding best seller this series of classic articles written by key sociologists and social thinkers will compliment any introductory sociology textbook this reader serves as a foundation where students can read original works that teach the fundamental ideas of sociology priced right as a stand alone and free when bundled with wadsworth introductory texts this brief reader is a convenient and painless way to bring the great thinkers to your students

the pleasure of inquiry readings in sociology takes a unique approach in using readings to demonstrate how sociology can be used as a conceptual tool for action the organization of the book is reflective of this particular characterization of sociological inquiry an important dimension of introducing students to this concept is providing students with some grounding in the theoretical bases of the discipline to that end for the pleasure of inquiry has provided a variety of accessible articles from both classical and contemporary sociological theorists which orient students to significant themes concepts and problems in sociological inquiry the reader is organized around the principle of offering articles that explore the possible transformation of modern society into what is often referred to as a postmodern society and the increasingly influential global context in which this is occurring this text will serve as an opportunity for both students and teachers to undertake a shared re examination of their own experiences conduct and embeddedness in the distinctive web of social relations and meanings we call modern society

the practical skeptic readings in sociology includes classic sociological research writings as well as recent pieces on fascinating topics of interest to students it is the ideal companion to mcintyre s text the practical skeptic core concepts in sociology or other sociology texts readings in this edition challenge students to re evaluate familiar social arenas the college classroom televised sports shows restaurants doctors offices and even public restrooms the readings focus around the essential message that there is much that goes on in the social world that escapes the sociologically untrained eye

it is one of the more curious ironies of modern industrial societies that whilst religious belief is declining interest in religion as a phenomenon flourishes this paradox is of particular interest to sociologists for in spite of its declining status religious belief remains one of the most important sources in society of meaning and morality in this collection of readings roland robertson examines the status and function of religion in a wide range of different societies and explores such questions as the growth of substitutes for religions in advanced societies and the symbolic significance of primitive beliefs this selection of twenty five readings successfully provides a core beginning to the study of the sociology of religion robertson has made the selection as up to date as possible and tried to establish a pattern of concerns which are central to the field as a sociological discipline the reading both indicate analytic issues and provide a range of empirical material publisher

readings in the swedish class structure is a collection of papers that covers the swedish class structure the book is comprised of 10 chapters that are organized into three parts each part presents articles that tackle a concern in the swedish class system the text first covers the distribution of economic rewards which includes ownership and influence in the economy determination of wage structures in manufacturing industry and a marxist analysis of the swedish class structure the next part deals with the distribution of opportunities this part examines the patterns of social mobility and educational reforms and equality the last part tackles inequality and political processes the book will be of great use to sociologists political scientists anthropologists and social historians

in recent years social scientists have in common with many disciplines become increasingly interested in the rhetoric of inquiry sociologists and anthropologists have become preoccupied with the analysis of the texts of their respective disciplines it is recognized that social scientists construct and interpret representations of the social world moreover there is widespread recognition that the characteristics of each discipline are in part describable in

terms of the distinctive conventions of a given genre consequently the intellectual work of being a social scientist is in large measure predicated on conventions of reading and writing this volume brings together a collection of important essays in the general area of sociological texts and the conventional practices of reading and writing
