as a mother lisa guernsey wondered about the influence of television on her two young daughters as a reporter she resolved to find out what she first encountered was tired advice sensationalized research claims and a rather draconian mandate from the american academy of pediatrics no tv at all before the age of two but like many parents she wanted straight answers and realistic advice so she kept digging she visited infant perception labs and child development centers around the country she interviewed scores of parents psychologists cognitive scientists and media researchers as well as programming executives at noggin disney nickelodeon sesame workshop and pbs much of what she found flies in the face of conventional wisdom and led her to conclude that new parents will be best served by focusing on the three c s content context and the individual child advocating a new approach to television and dvds guernsey focuses on infants to five year olds and goes beyond the headlines to explore what exactly is educational about educational media she examines how play and language development are affected by background and foreground television and how to choose videos that are age appropriate she explains how to avoid the hype of brain stimulation and focus instead on social relationships and the building blocks of language and literacy along the way guernsey highlights independent research on shows ranging from dora the explorer to dragon tales and distills some surprising new findings in the field of child development iinto the minds of babes

a documentary history of the alewife alosa pseudoharengus in maine and massachusetts

from 5 000 b c to present with jokes

an investigative journalist analyzes the diverse ways in which marketers and promoters exploit infants and toddlers and the potentially damaging impact of that exploitation on the family and society as a whole
