the book is primarily intended for use as a college textbook for teaching project management at the advanced undergraduate or master s level the text is appropriate for classes on the management of service product engineering projects as well as information systems is also included is some coverage of material concerning information systems and how is projects differ from and are similar to regular business projects the authors draw upon their personal experiences working with project managers and on the experience of friends and colleagues who have spent much of their working lives serving as project managers in the real world thus in contrast to the books that are about project management this book teaches students how to do project management info from 5th ed

market desc it and business professionals special features makes it relevant and interesting to business professionals by following a strong managerial orientation provides late breaking developments in the field to arm readers with the latest information offers a global perspective on how it is transforming business covers technological topics in six technology guides at the end of the book presents a description of an actual business problem at the beginning of each chapter followed by the solution to give readers a real world perspective about the book the 6th edition has been updated to simplify and streamline the concepts and information that it professionals must know it includes new case studies and updated business and technology to provide readers with the latest information in the field throughout the chapters the authors focus on how organizations operate and compete in the digital economy they then clearly show how it can be utilized to assist in this transformation

as the first book dedicated to the investigation of leadership in the public health arena this ground breaking text will play an important role in training a new generation of leaders your students who will strengthen the field of public health public health leadership putting principles into practice goes beyond a description of what leadership is to serve as a how to guide for successful future public health leaders professors will find case studies in each section illustrating the practical applications of the principles discussed always in the public health context leadership exercises and discussion questions encourage student participation

it has been said that every generation of historians seeks to rewrite what a previous generation had established as the standard interpretations of the motives and circumstances shaping the fabric of historical events it is not that the facts of history have changed no one will dispute that the battle of waterloo occurred on june 11 1815 or that the allied invasion of europe began on june 6 1944 what each new age of historians are attempting to do is to reinterpret the motives of men and the force of circumstance impacting the direction of past events based on the factual social intellectual and cultural milieu of their own generation by examining the facts of history from a new perspective today s historians hope to reveal some new truth that will not only illuminate the course of history but also validate contemporary values and societal ideals although it is true that tackling the task of developing a new text on logistics and distribution channel management focuses less on schools of philosophical and social analysis and more on the calculus of managing sales campaigns inventory replenishment and income statements the goal of the management scientist like the historian is to merge the facts and figures of the discipline with today s organizational cultural and economic realities hopefully the result will be a new synthesis where a whole new perspective will break forth exposing new directions and opportunities

business management for entrepreneurs introduces entrepreneurs and managers of small and medium sized businesses to all the functions needed to manage these organizations successfully this is an essential guide to the small business management competencies that are essential for the success of a smaller business

the construction professional has to be a jack of all trades and master of all this text covers a wide range of subjects reflecting the breadth of knowledge needed to understand the dynamics of this large and complex industry this edition introduces extended coverage in the scheduling area to address more advanced and practice oriented procedures such as start to start finish to finish and similar relationship between activities in a network schedule
