following world war ii americans expected that the united states would wage another major war against a superpower instead the nation has fought limited wars against much weaker states such as north korea north vietnam and iraq this revised and updated edition of presidential decisions for war analyzes the means by which four presidents have taken the nation to war and assesses the effectiveness of each president s leadership during those conflicts gary hess recreates the unfolding crises in korea vietnam and iraq to probe the reasons why presidents truman johnson george h w bush and george w bush and their advisors decided in favor of war he compares the performance of the commanders in chief and evaluates how effectively each understood u s interests explored alternatives to war adhered to constitutional processes and built congressional popular and international support a new conclusion points out that unlike the administrations of truman johnson and the elder bush george w bush s white house actively sought to change the international order through preemptive war and aggressive democracy building fully revised and featuring an examination of how each of the presidents learned from history and juggled the demands on diplomacy this comparative study of presidential war making elucidates how effective executive leadership or its absence directly affects the outcome of wars

this inside account of decision making in the white house describes the organizational challenges the president faces the economic policy board was one of the most systematic and sustained attempts to organize advice for the president in recent decades the author examines the board s deliberations over three controversial policy issues drawing on scores of interviews with cabinet officials and career civil servants

george w bush and his administration have a goal their goal is to systematically dismantle safeguards put in place by the u s constitution and roosevelt s new deal and put in laws that favor the rich over the middle class and the poor and give the powerful dominion over the masses each and every middle class and poor american has been is and will be adversely affected by this deceitfulness but these americans are not aware of how these deceits affect their everyday lives and the lives of the ones they know and love a handful of corporations own the media and their profits are tied to the laws and to the policies of the bush administration so their interests are not for the welfare of the people but for the welfare of the bush administration that has the power to increase their profits the questions included in this book along with the sources that spawned them will shine light on the darkness that hides these devious goals read all the questions you wanted bush to answer but the media was afraid to ask and see what bush doesn t want you to know but be prepared to be scared because this is not fiction this is real life

every major measure of students historical understanding since 1917 has demonstrated that students do not retain understand or enjoy their school experiences with history
bruce lesh believes that this is due to the way we teach history lecture and memorization over the last fifteen years bruce has refined a method of teaching history that
mirrors the process used by historians where students are taught to ask questions of evidence and develop historical explanations and now in his new book why won t you
just tell us the answer he shows teachers how to successfully implement his methods in the classroom students may think they want to be given the answer yet when they
are actively engaged in investigating the past the way professional historians do they find that history class is not about the boring memorization of names dates and facts
instead it s challenging fun historical study that centers on a question where students gather a variety of historical sources and then develop and defend their answers to that
question allows students to become actual historians immersed in an interpretive study of the past each chapter focuses on a key concept in understanding history and then
offers a sample unit on how the concept can be taught readers will learn about the following exploring text subtext and context president theodore roosevelt and the panama
canal chronological thinking and causality the rail strike of 1877 multiple perspectives the bonus march of 1932 continuity and change over time custer s last stand historical
significance the civil rights movement historical empathy the truman macarthur debate by the end of the book teachers will have learned how to teach history via a lens of
interpretive questions and interrogative evidence that allows both student and teacher to develop evidence based answers to history s greatest questions
